# Support in monitoring the implementation of Digital Transformation projects in the Health Sector

- End to end support of IDIKA SA - e-Government Center for Social Security Services in managing the RRF Digital Transformation Program of the Health Sector
- Support of the Ministry of Health for the planning and monitoring of the implementation of the actions/sub-actions of the Ministry of Health in the RRF.
- Support of stakeholders (Ministry of Health, Ministry of Digital Governance, Information Society SA, National Emergency Aid Center (EKAB), National Medicines Agency (EOF), IDIKA SA, Regional Health Authorities, EKAPY, KETEKNY, EOPYY) in the implementation, management and monitoring of actions/sub-actions throughout their implementation period.
- Support of the Ministry of Health in any redesign of the selected actions/sub-actions throughout the duration of the RRF.
- Support for on-site verifications of actions/sub-actions and projects
- Creation of a Project Management Office (PMO) to manage, monitor, coordinate and ensure the effective implementation of the selected actions of the UDF.
- Quality Assurance Services.

# The role of the Consultant in RRF Health Projects

How we see ourselves

How contractors see us

How we feel every day

# Key take aways

# 1

- The widest and most complex digital transformation program of Greek Public Health Sector

# 2

- Tight timelines with critical conditions and RRF milestones

# 3

- Vast number of stakeholders (contractors, subcontractors, government entities, health agencies)

# 4

- Simultaneous implementation with several other flagship digital government projects in Greece

# 5

- Our aim is to create value for the society and not just “tick the box” of a formal implementation

**Thank you!**
